

SECTION 1. Identification of the substance/mixture and of the company/undertaking			
1.1 Product Identifier			
Product Form:	Mixture		
Product Name:	TMT-TC-2 Tip Tinner		
Product Code:	TMT-TC-2		
Type of Product:	Tip Tinner		
1.2 Relevant identified uses of the subs	stance or mixture and uses advised against		
Relevant idenfified uses:	Soldering.		
Uses advised against:	No data available		
1.3 Details of the supplier of the safety			
Supplier:	Thermaltronics USA, Inc.		
	1 Barstow Road, STE P19		
	Great Neck, NY, 11021		
	United States		
	Email: support@thermaltronics.com		
	Telephone: 1-516-829-2726		
	Fax: 1-516-829-2891		
1.4 Emergency Telephone Number:	1-516-829-2726		
The Energency relephone Number.	SECTION 2. Hazards Identification		
0.1 Classification of the substance or r			
2.1 Classification of the substance or r	nixture		
See Section 15 for HMIS/NFPA Rating			
Classification according to Regulation			
H319: Serious eye damage/eye irritation, Category 2A			
H335: Specific target organ toxicity, single exposure; Respiratory tract irritation, Category 3			
	entioned in this Section, see Section 16.		
Adverse physicochemical, human heal	th and environmental effects		
No additional informational available.			
2.2 Label Elements			
Labelling according to Regulation (EC) No. 1272/2008 [CLP]			
Hazard Pictograms:			
	•		
Signal Word:	Warning		
Hazard Statements:	H319 Causes serious eye irritation.		
	H335 May cause respiratory irritation.		
Precautionary Statements:			
	P102 Keep out of reach of children.		
	P261 Avoid breathing dust/fume/gas/mist/vapours/spray.		
	P264 Wash hands thoroughly after handling.		
	F 204 Wash harus thoroughly after haruling.		

Tip Tinner SDS - Page 1 of 8

		P280 Wear protective gloves/protective clothing/eye protection/face protection.			
	 protection. P304 + P340 + P312 If inhaled: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER or doctor/ physician if you feel unwell. P305 + P351 + P338 If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. 				
2.3 Other Hazards	 P337 + P313 If eye irritation persists: Get medical advice/ attention. P403 + P233 Store in a well-ventilated place. Keep container tightly closed. P405 Store locked up. P501 Dispose of contents/container in accordance with local regulations. None

SECTION 6. Accidental Release Measures

6.1 Personal precautions, protective equipment and emergency procedures

6.1.1 For non-emergency personnel / Personal precautions

Use personal protective equipment. Avoid dust formation. Avoid breathing vapours, mist or gas. Ensure adequate ventilation. Evacuate personnel to safe areas. Avoid breathing dust. For personal protection see section 8.

6.1.2 For emergency responders

No additional information available.

6.2 Environmental precautions

Do not empty into drains or water bodies.

6.3 Methods and material for containment and cleaning up

Pick up and arrange disposal without creating dust. Sweep up and shovel. Keep in suitable, closed containers for disposal.

6.4 Reference to other sections

For disposal see section 13.

SECTION 7. Handling and Storage

7.1 Precautions for safe handling

Keep containers securely sealed when not in use. Avoid physical damage to containers. Use good occupational work practice. Observe manufacturer's storage and handling recommendations. Keep dry. Store under cover. Protect containers against physical damage. For precautions see section 2.2.

Take off immediately all contaminated clothing and wash it before reuse. When handling, do not eat, drink or smoke. Always wash hands with soap and water after handling.

7.2. Conditions for safe storage, including any incompatibilities

Keep container tightly closed in a dry and well-ventilated place. Use packaging as recommended by manufacturer. Avoid reaction with oxidising agents.

7.3. Specific end use(s)

Apart from the uses mentioned in section 1.2 no other specific uses are stipulated

SECTION 8. Exposure Controls/Personal Protection

8.1 Control Parameters:	Components with workplace control parameters				
	Component	CAS-No.	Value	Control Parameters	Basis
	Tin	7440-31-5	TWA	2 mg/m3	USA. ACGIH Threshold Limit Values (TLV)
			TWA	2 mg/m3	USA. NIOSH Recom

	TWA PEL	2 mg/m3 2 mg/m3	USA. Occupational Exposure Limits (OSHA) - Table Z-1 Limits for Air Contaminants California permissible exposure limits for chemical
			contaminants (Title 8, Article 107)
8.2 Exposure Controls			
Appropriate Engineering Controls:	Keep airborne concentrations below the o Keep overall exposure as low as possible		
	soldering processes, use of a local exhaust	•	or protonged
Personal protective equipment:	For likely contacts, use of protective nitrile gloves. If contact with molten metal is like	gloves or othe	
Respiratory Protection:	For nuisance exposures use type P95 (US respirator. For higher level protection use ABEK-P2 (EU EN 143) respirator cartridg components tested and approved under a	type OV/AG/P les. Use respir	99 (US) or type ators and
SECT	ION 9. Physical and Chemical Properties		
9.1 Information on basic physical and		•	
Physical state:	Solid (Tablet)		
Appearance:	Grey		
Odor:	Mild		
Odor Threshold:	No data available		
pH:	No data available		
Melting point/Freezing point:	232C		
Initial boiling point/boiling range:	260C		
Flash point:	No data available		
Evaporation rate:	No data available		
Flammability (solid; gas):	No data available		
Lower flammable/explosive limit:	No data available		
Upper flammable/explosive limit:	No data available		
Vapour pressure:	No data available		
Vapour density:	No data available		
Relative density:	No data available		
Solubility:	Partially Soluble		
Partition coefficient-n-octanol/water:	No data available		
Auto-ignition temperature:	No data available

SECTION 15. Regulatory Information

United States:

All chemical substances in this product are listed in the EPA (Environmental Protection Agency) and the

TSCA (Toxic Substances Control Act) Inventory).

HMIS® Rating (0-4)

California Proposition 65

This product does not contain any substances known to be listed in CA Prop 65.

EPCRA (Emergency Planning and Right to Know Act)

This product does not contain ingredients that subject to the reporting requirements of section 313 Title III of the SARA of 1986 and 40 CFR part 372.

TOXIC Substance Control Act (TSCA):

All ingredients are on the TSCA inventory or are not required to be listed on the TSCA inventory.

CANADA:

WHMIS REGULATIONS

The Canadian workplace hazardous materials information system classification for this product is, "This product has been classified in accordance with the hazard criteria of the Canadian Controlled Product Regulations (CPR) and the SDS contains all the information required by the CPR.

EUROPEAN UNION:

RoHS (Restriction of Hazardous Substances Directive)

This product does not contain any lead, cadmium, mercury, hexavalent chromium, PBB's, PBDE's, DEHP, BBP, DBP, or DIBP and complies with European RoHS regulations.

WEEE (Waste Electrical and Electronic Equipment Directive)

This product is not a piece of electrical or electronic equipment, and it is therefore not governed by this regulation.

REACH SVHC (Substances of Very High Concern):

This product does not contain any substances on the SVHC List or Authorization List.

Tip Tinner SDS - Page 7 of 8

SECTION 16. Other Information

Preparation Information: Revision Summary: Created September 1st, 2012. Updated January 6th, 2025. This SDS replaces rev. March 14th, 2024

Abbreviations and acronyms

IATA-DGR: Dangerous Goods Regulations by the "International Air Transport Association" (IATA)

ICAO: International Civil Aviation Organisation

IMDG: International Maritime Code for Dangerous Goods

IATA: International Air Transport Association

GHS: Globally Harmonised System of Classification and Labelling of Chemicals

CAS: Chemical Abstracts Service (division of the American Chemical Society)

PBT: Persistent, Bioaccumulative and Toxic

vPvB: very Persistent and very Bioaccumulative

STOT SE3: Specific target organ toxicity, single exposure; Respiratory tract irritation, Category 3
